Claude (Anthropic) terms: ownership of the SK-3X1 3D model and materials

Prepared for Southwire Legal · Stephan Hardt, Power Generation Solutions · October 16, 2026

Purpose

I used Anthropic's AI tool Claude (with Claude Code) to build the SK-3X1 3D gas power campus model, the web viewer, renders, the guided tour and slides for the November 11, 2026 internal training. This packet gives the terms that apply, the ownership clauses, what was created and what it contains, and the questions for your review. The full current text of each Anthropic document follows as Appendices A to D.

Which terms apply

The work was done on a **personal Claude account** (not a company plan), so Anthropic's **Consumer Terms** apply. Company plans (Team, Enterprise, API) fall under the **Commercial Terms**, included for comparison.

Document	Applies to	Effective	Source
Consumer Terms (App. A)	Personal Free / Pro / Max accounts (Claude.ai, apps, Claude Code with that login)	Oct 8, 2025	anthropic.com/legal/consumer-terms
Commercial Terms (App. B)	Company Team / Enterprise plans and the API	Jun 17, 2025	anthropic.com/legal/commercial-terms
Usage Policy (App. C)	All users	see text	anthropic.com/legal/aup
Privacy Policy (App. D)	All users	see text	anthropic.com/legal/privacy

Ownership: Consumer Terms, Section 4 (“Inputs, Outputs, Actions, and Materials”)

Inputs:

> “you retain any right, title, and interest that you have in the Inputs you submit.”

Outputs:

> “Subject to your compliance with our Terms, we assign to you all of our right, title, and interest—if any—in Outputs.”

Points to note in the Consumer Terms

- Rights are assigned to the account holder (me personally), “if any”, subject to compliance. Whether they pass to Southwire is a question for my employment terms and Southwire policy.
- Section 3 bars using the services to develop competing products or services, or to resell the services.
- Section 4: outputs should not be relied on without independent checking. The model is labelled “conceptual illustration, not engineered, not for construction”.
- Preamble: the Commercial Terms do not cover Claude.ai or Claude Pro use for individuals.

For comparison: Commercial Terms (company plans)

Section B, “Customer Content”:

> “Customer (a) retains all rights to its Inputs, and (b) owns its Outputs.”
>
> “Anthropic may not train models on Customer Content from Services.”

Section K, “Indemnification”:

K.1: Anthropic will defend the customer against claims that authorised paid use, or “Outputs generated through such authorized use”, infringe a third-party intellectual property right. K.3 lists exclusions (for example customer modifications, combinations with non-Anthropic technology, customer-provided Inputs, and uses the customer knows or should know infringe).

What was created and what it contains

- **Generated with Claude:** Python build scripts, the 3D model data, the web viewer, the cable schedule and BOM workbook, render and slide scripts, and documentation, kept in a private GitHub repository.
- **Rendered by me** from those scripts with open-source tools: images, the tour video, slides.
- **Open-source components:** three.js (MIT licence) in the viewer; Blender (GPL; rendered images are the user's own) for renders; Barlow and DejaVu fonts (open font licences); Playwright and ffmpeg for recording.
- **Company and third-party content I supplied as input:** Southwire product names and logo (Southwire trademarks); extracts from the Wesco channel-partner deck; the SK-3X1 concept drawing set the model is based on.

Questions for Legal

1. Are the Consumer Terms acceptable for internal training use and for customer-facing marketing of this material?
2. Should future work move to a Southwire Claude Team or Enterprise plan under the Commercial Terms (company ownership of outputs, no training on our content, IP indemnity)?
3. Is anything needed regarding the Wesco deck content and the origin of the drawing set before any external use?

The clauses above are quoted from the pages as published on October 16, 2026. Appendices A to D reproduce the page text as retrieved that day (layout simplified); the versions on anthropic.com govern. This summary is not legal advice.

Appendix A: Anthropic Consumer Terms of Service

Source: https://www.anthropic.com/legal/consumer-terms · retrieved October 16, 2026 · layout simplified; the published version governs.

Consumer Terms of Service

Welcome to Anthropic! Before you access our services, please read these Terms of Service.

These Terms of Service (“Terms”) govern your use of Claude.ai, Claude Pro, and other products and services that we may offer for individuals, along with any associated apps, software, and websites (together, our “Services”). These Terms are a contract between you and Anthropic, PBC (" Anthropic ") (and not our Providers), and they include our Acceptable Use Policy. By accessing our Services, you agree to these Terms.

Please read our Privacy Policy, which describes how we collect and use personal information.

Please note: Our Commercial Terms of Service govern your use of any Anthropic API key, the Anthropic Console, or any other Anthropic offerings that reference the Commercial Terms of Service. For clarity, this does not include Claude.ai or Claude Pro use for individuals or entities.

1. Who we are.

Anthropic is an AI safety and research company working to build reliable, interpretable, and steerable AI systems. We conduct frontier research, develop and apply a variety of safety techniques, and deploy the resulting systems via a set of partnerships and products.

2. Account creation and access.

Minimum age. You must be at least 18 years old or the minimum age required to consent to use the Services in your location, whichever is higher.

Your Anthropic Account. To access our Services, we may ask you to create an Account. You agree to provide correct, current, and complete Account information and allow us to use it to communicate with you about our Services. Our communications to you using your Account information will satisfy any requirements for legal notices.

You may not share your Account login information, Anthropic API key, or Account credentials with anyone else. You also may not make your Account available to anyone else. You are responsible for all activity occurring under your Account, and you agree to notify us immediately if you become aware of any unauthorized access to your Account by sending an email to support@anthropic.com.

You may close your Account at any time by contacting us at support@anthropic.com.

Business Domains. If you use an email address owned by your employer or another organization, your Account may be linked to the organization's Anthropic enterprise account, and the organization’s administrator may be able to monitor and control the Account, including having access to Materials (defined below). We will provide notice to you before linking your Account to an organization's enterprise account. However, if the organization is responsible for notifying you or has already informed you that it may monitor and control your Account, we may not provide additional notice.

Evaluation and Additional Services. In some cases, we may permit you to evaluate our Services for a limited time or with limited functionality. Use of our Services for evaluation purposes are for your personal, non-commercial use only.

You may need to accept additional terms to use certain Services. These additional terms will supplement our Terms for those Services and may change your rights or obligations for those Services, including your obligations to pay fees.

3. Use of our Services.

You may access and use our Services only in compliance with our Terms, including our Acceptable Use Policy, the policy governing the countries and regions Anthropic currently supports ("Supported Regions Policy"), and any guidelines or supplemental terms we may post on the Services (the “Permitted Use”). You are responsible for all activity under the account through which you access the Services.

You may not access or use, or help another person to access or use, our Services in the following ways:

- In any manner that violates any applicable law or regulation—including, without limitation, any laws about exporting data or software to and from the United States or other countries.
- To develop any products or services that compete with our Services, including to develop or train any artificial intelligence or machine learning algorithms or models or resell the Services.
- To decompile, reverse engineer, disassemble, or otherwise reduce our Services to human-readable form, except when these restrictions are prohibited by applicable law.
- To crawl, scrape, or otherwise harvest data or information from our Services other than as permitted under these Terms.
- To use our Services, the Materials, or the Actions to obtain unauthorized access to any system or information, or to deceive any person.
- To infringe, misappropriate, or violate intellectual property or other legal rights (including the rights of publicity or privacy).
- Except when you are accessing our Services via an Anthropic API Key or where we otherwise explicitly permit it, to access the Services through automated or non-human means, whether through a bot, script, or otherwise.
- To engage in any other conduct that restricts or inhibits any person from using or enjoying our Services, or that we reasonably believe exposes us—or any of our users, affiliates, or any other third party—to any liability, damages, or detriment of any type, including reputational harms.
- To rely upon the Services, the Materials, or the Actions to buy or sell securities or to provide or receive advice about securities, commodities, derivatives, or other financial products or services, as Anthropic is not a broker-dealer or a registered investment adviser under the securities laws of the United States or any other jurisdiction.

You also must not abuse, harm, interfere with, or disrupt our Services, including, for example, introducing viruses or malware, spamming or DDoSing Services, or bypassing any of our systems or protective measures.

4. Inputs, Outputs, Actions, and Materials.

Generally. You may be allowed to interact with our Services in a variety of formats (we call these “Inputs”). Our Services may generate responses (we call these “Outputs”), or enable the Services to take actions on your behalf, such as software manipulation, data processing, and system interactions (we call these "Actions"), based on your Inputs. Inputs and Outputs collectively are “Materials.”

Rights and Responsibilities. You are responsible for all Inputs you submit to our Services and all Actions. By submitting Inputs to our Services, you represent and warrant that you have all rights, licenses, and permissions that are necessary for us to process the Inputs under our Terms and to

provide the Services to you, including for example, to integrate with third-party services, to share Materials with others at your direction, and to take Actions. You also represent and warrant that your submitting Inputs to us or directing Claude to take Actions will not violate our Terms, our Acceptable Use Policy, or any laws or regulations applicable to those Inputs or Actions. As between you and Anthropic, and to the extent permitted by applicable law, you retain any right, title, and interest that you have in the Inputs you submit. Subject to your compliance with our Terms, we assign to you all of our right, title, and interest—if any—in Outputs.

Reliance on Outputs and Actions. Artificial intelligence and large language models are frontier technologies that are still improving in accuracy, reliability and safety. When you use our Services, you acknowledge and agree:

- Outputs may not always be accurate and may contain material inaccuracies even if they appear accurate because of their level of detail or specificity.
- Actions may not be error free or operate as you intended.
- You should not rely on any Outputs or Actions without independently confirming their accuracy.
- The Services and any Outputs may not reflect correct, current, or complete information.
- Outputs may contain content that is inconsistent with Anthropic’s views.

Our use of Materials. We may use Materials to provide, maintain, and improve the Services and to develop other products and services, including training our models, unless you opt out of training through your account settings. Even if you opt out, we will use Materials for model training when: (1) you provide Feedback to us regarding any Materials, or (2) your Materials are flagged for safety review to improve our ability to detect harmful content, enforce our policies, or advance our safety research.

5. Feedback

We appreciate feedback, including ideas and suggestions for improvement or rating an Output in response to an Input (“Feedback”). If you rate an Output in response to an Input—for example, by using the thumbs up/thumbs down icon—we will store the related conversation as part of your Feedback. You have no obligation to give us Feedback, but if you do, you agree that we may use the Feedback however we choose without any obligation or other payment to you.

6. Subscriptions, fees and payment.

Fees and billing. You may be required to pay us fees to access or use our Services or certain features of our Services. You are responsible for paying any applicable fees listed for the Services on the Model Pricing Page unless otherwise communicated to you by Anthropic in writing.

If you purchase access to our Services or features of our Services, you must provide complete and accurate billing information (“Payment Method”). You agree that we may charge the Payment Method for any applicable fees listed on our Services and any applicable tax. If the fees for these Services or features are specified to be recurring or based on usage, you agree that we may charge these fees and applicable taxes to the Payment Method on a periodic basis.

If you purchase access to our Services through a distributor (e.g. an app store) (“App Distributor”), then you will make payment to the App Distributor, and the App Distributor’s terms in relation to payment methods, billing, and refunds will apply instead of these Terms. Except as expressly provided in these Terms or where required by law, all payments are non-refundable. Please check your order carefully before confirming it, and see below for additional information about recurring charges for our subscriptions.

Additional fees. We may increase fees for our Services. If we charge additional fees in connection with our Services, we will give you an opportunity to review and accept the additional fees before you are

charged. Also, additional fees may apply for additional Services or features of the Services that we may make available. If you do not accept any such additional fees, we may discontinue your access to the Services or features.

You agree that we will not be held liable for any errors caused by third-party payment processors used to process fees paid by you to us.

Subscriptions. To access Claude Pro and other subscription services we may make available to individuals, you must sign up for a subscription with us (a "Subscription"), first by creating an Account, and then following the subscription procedure on our Services. When you sign up for a Subscription, you agree to these Terms.

- Subscription content, features, and services. The content, features, and other services provided as part of your Subscription, and the duration of your Subscription, will be described in the order process. We may change the content, features, and other services from time to time, and we do not guarantee that any particular piece of content, feature, or other service will always be available through the Services.
- Subscription term and automatic renewal. If you sign up for a paid Subscription, we or the App Distributor will automatically charge your Payment Method on each agreed-upon periodic renewal date until you cancel. If your Subscription has a minimum term (the "Initial Term"), we will let you know during the order process. Your Subscription will last for the Initial Term and will automatically renew, and your Payment Method will be charged, at the end of the Initial Term for an additional term equal in duration to the Initial Term and will continue to renew and incur charges for additional terms equal in duration to the Initial Term (each such additional term, a "Renewal Term") until you cancel.
- Subscription cancellation. If you subscribed via our website, you may cancel your Subscription for any reason by using a method we may provide to you through our products—for example, for Claude Pro, in your customer portal—or by notifying us at support@anthropic.com. If you subscribed via an app, you'll need to cancel via the App Distributor according to the App Distributor's terms. Learn more here. To avoid renewal and charges for the next Renewal Term, cancel your subscription at least 24 hours before the last day of the Initial Term or any Renewal Term. For example, if you subscribe on January 25th for a Subscription with a one-month Initial Term, you must cancel the Subscription per the instructions by February 23rd (24 hours before February 24th) to avoid renewal and charges for the next Renewal Term. In the event of a cancellation, your fees will not be refunded, but your access to the Services will continue through the end of the Initial Term or any Renewal Term for which you previously paid fees.
- Additional cancellation rights. If you are a resident of Brazil, Mexico, South Korea, or Taiwan, you have a legal right to change your mind and cancel the Subscription within 7 days of entering into the Subscription without giving a reason. To exercise the right to cancel in the 7-day cancellation period, you must inform us of your decision to cancel the Subscription by making a clear statement to us of such decision before the cancellation period has expired. The easiest way to do this is by cancelling your subscription in the customer portal, or you may contact us at support@anthropic.com. You may also use the model cancellation form in Appendix 1 of these Terms, but it is not obligatory. For further details on how to cancel, please see support.anthropic.com. We will acknowledge your cancellation, e.g., through our online customer portal or console. If you cancel the Subscription under Section 6(4)(a), we will reimburse you all payments received from you for the cancelled Subscription. We will make the reimbursement without undue delay, and not later than 14 days after the day on which we are informed about your decision to cancel the Subscription. We will make the reimbursement using the same means of payment as you used for the initial transaction; you will not incur any fees as a result of the reimbursement. If you would like to use the Services during the

7-day cancellation period, you may do so. If you have used the Services during the 7-day cancellation period, and wish to cancel the Subscription, you can still do so by following the process in Section (4)(a) above, but we may retain an amount which is in proportion to what has been provided until you have communicated us your withdrawal from these Terms, in comparison with the full coverage of the Subscription. The 7-day cancellation period will not reset if you change subscription tiers or cancel and then resubscribe, as you have already had an opportunity to test the Services.

- To exercise the right to cancel in the 7-day cancellation period, you must inform us of your decision to cancel the Subscription by making a clear statement to us of such decision before the cancellation period has expired. The easiest way to do this is by cancelling your subscription in the customer portal, or you may contact us at support@anthropic.com. You may also use the model cancellation form in Appendix 1 of these Terms, but it is not obligatory. For further details on how to cancel, please see support.anthropic.com. We will acknowledge your cancellation, e.g., through our online customer portal or console.
- If you cancel the Subscription under Section 6(4)(a), we will reimburse you all payments received from you for the cancelled Subscription. We will make the reimbursement without undue delay, and not later than 14 days after the day on which we are informed about your decision to cancel the Subscription. We will make the reimbursement using the same means of payment as you used for the initial transaction; you will not incur any fees as a result of the reimbursement.
- If you would like to use the Services during the 7-day cancellation period, you may do so. If you have used the Services during the 7-day cancellation period, and wish to cancel the Subscription, you can still do so by following the process in Section (4)(a) above, but we may retain an amount which is in proportion to what has been provided until you have communicated us your withdrawal from these Terms, in comparison with the full coverage of the Subscription.
- The 7-day cancellation period will not reset if you change subscription tiers or cancel and then resubscribe, as you have already had an opportunity to test the Services.
- Subscription fees. You will pay the fees, either to us or to the App Distributor, for the Initial Term and each subsequent Renewal Term up front, at the start of that Initial Term or Renewal Term, as applicable. We have the right to make changes to the fees applicable to your Subscription from time to time, although we will not make any change to the fees applicable to your Subscription during the current Initial Term or Renewal Term, as applicable. If these changes result in an increase in the fees payable by you, we will inform you at least 30 days in advance of the change. You agree to the increase in fees payable by you unless you cancel the Subscription, as described in the paragraph (Subscription cancellation) immediately above, before the Renewal Term to which the increase in fees will apply.

7. Third-party services and links

Our Services may use or be used in connection with third-party content (" Third-Party Content "), services, or integrations. We do not control or accept responsibility for any loss or damage that may arise from your use of any Third-Party Content, services, and integrations, for which we make no representations or warranties. Your use of any Third-Party Content, services, and integrations is at your own risk and subject to any terms, conditions, or policies (including privacy policies) applicable to such third-party content, services, and integrations.

8. Content Moderation

Third-Party Content is the responsibility of the person or entity that provides it to our Services. Anthropic is under no obligation to host or serve Third-Party Content. Third-Party Content may appear in Inputs or Outputs and become part of Materials. If you see any Third-Party Content you believe does

not comply with these Terms, including by violating the Acceptable Use Policy or the law, you can report it to us.

If we become aware that any Third-Party Content (1) infringes another's copyright or any other intellectual property or related or neighboring right, (2) is in breach of these Terms or our Acceptable Use Policy, or (3) may cause harm to Anthropic, our users, or third parties, we reserve the right to remove or take down some or all of such Third-Party Content using, where appropriate, algorithmic and human review.

You can learn more about our monitoring and enforcement, including how to appeal an account suspension or termination, in our T&S Support Center.

9. Software

We may offer manual or automatic updates to our software including our apps ("Anthropic Software"), without advance notice to you. Anthropic Software may include open source software. In the event of any conflict between these Terms and any other Anthropic or third-party terms applicable to any portion of Anthropic Software, such as open-source license terms, such other terms will control as to that portion of the Anthropic Software and to the extent of the conflict.

10. Ownership of the Services

The Services are owned, operated, and provided by us and our affiliates, licensors, distributors, and service providers (collectively "Providers"). We and our Providers retain all of our respective rights, title, and interest, including intellectual property rights, in and to the Services. Other than the rights of access and use expressly granted in our Terms, our Terms do not grant you any right, title, or interest in or to our Services.

11. Disclaimer of warranties, limitations of liability, and indemnity

Our team works hard to provide great services, and we're continuously working on improvements. However, there are certain aspects we can't guarantee. We are using ALL CAPS to explain this, to make sure that you see it.

YOUR USE OF THE SERVICES, MATERIALS, AND ACTIONS IS SOLELY AT YOUR OWN RISK. THE SERVICES, OUTPUTS, AND ACTIONS ARE PROVIDED ON AN "AS IS" AND "AS AVAILABLE" BASIS AND, TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW, ARE PROVIDED WITHOUT WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, OR STATUTORY. WE AND OUR PROVIDERS EXPRESSLY DISCLAIM ANY AND ALL WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, TITLE, MERCHANTABILITY, ACCURACY, AVAILABILITY, RELIABILITY, SECURITY, PRIVACY, COMPATIBILITY, NON-INFRINGEMENT, AND ANY WARRANTY IMPLIED BY COURSE OF DEALING, COURSE OF PERFORMANCE, OR TRADE USAGE.

TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW, IN NO EVENT WILL WE, OUR PROVIDERS, OR OUR OR THEIR RESPECTIVE AFFILIATES, INVESTORS, DIRECTORS, OFFICERS, EMPLOYEES, AGENTS, SUCCESSORS OR ASSIGNS (COLLECTIVELY, THE "ANTHROPIC PARTIES"), BE LIABLE FOR ANY DIRECT, INDIRECT, PUNITIVE, INCIDENTAL, SPECIAL, CONSEQUENTIAL, EXEMPLARY, OR OTHER DAMAGES ARISING OUT OF OR IN ANY WAY RELATED TO THE SERVICES, THE MATERIALS, THE ACTIONS, OR THESE TERMS, WHETHER BASED IN CONTRACT, TORT (INCLUDING NEGLIGENCE), STRICT LIABILITY, OR OTHER THEORY, EVEN IF ANY ANTHROPIC PARTIES HAVE BEEN ADVISED OF THE POSSIBILITY OF DAMAGES, AND EVEN IF THE DAMAGES ARE FORESEEABLE.

TO THE FULLEST EXTENT PERMISSIBLE UNDER APPLICABLE LAW, THE ANTHROPIC PARTIES' TOTAL AGGREGATE LIABILITY TO YOU FOR ALL DAMAGES, LOSSES AND CAUSES OF ACTION ARISING OUT OF OR IN ANY WAY RELATED TO THE SERVICES, THE MATERIALS, THE ACTIONS, OR THESE TERMS, WHETHER IN CONTRACT, TORT (INCLUDING NEGLIGENCE) OR OTHERWISE, WILL NOT EXCEED THE

GREATER OF THE AMOUNT YOU PAID TO US FOR ACCESS TO OR USE OF THE SERVICES (IF ANY) IN THE SIX MONTHS PRECEDING THE DATE SUCH DAMAGES, LOSSES, AND CAUSES OF ACTION FIRST AROSE, AND $100. THE FOREGOING LIMITATIONS ARE ESSENTIAL TO THESE TERMS, AND WE WOULD NOT OFFER THE SERVICES TO YOU UNDER THESE TERMS WITHOUT THESE LIMITATIONS.

YOU AGREE TO INDEMNIFY AND HOLD HARMLESS THE ANTHROPIC PARTIES FROM AND AGAINST ANY AND ALL LIABILITIES, CLAIMS, DAMAGES, EXPENSES (INCLUDING REASONABLE ATTORNEYS' FEES AND COSTS), AND OTHER LOSSES ARISING OUT OF OR RELATED TO YOUR BREACH OR ALLEGED BREACH OF THESE TERMS; YOUR ACCESS TO, USE OF, OR ALLEGED USE OF THE SERVICES, THE MATERIALS, OR THE ACTIONS; YOUR FEEDBACK; ANY PRODUCTS OR SERVICES THAT YOU DEVELOP, OFFER, OR OTHERWISE MAKE AVAILABLE USING OR OTHERWISE IN CONNECTION WITH THE SERVICES; YOUR VIOLATION OF APPLICABLE LAW OR ANY THIRD-PARTY RIGHT; AND ANY ACTUAL OR ALLEGED FRAUD, INTENTIONAL MISCONDUCT, GROSS NEGLIGENCE, OR CRIMINAL ACTS COMMITTED BY YOU OR YOUR EMPLOYEES OR AGENTS. WE RESERVE THE RIGHT TO ENGAGE SEPARATE COUNSEL AND PARTICIPATE IN OR ASSUME THE EXCLUSIVE DEFENSE AND CONTROL OF ANY MATTER OTHERWISE SUBJECT TO INDEMNIFICATION BY YOU HEREUNDER, IN WHICH CASE YOU AGREE TO COOPERATE WITH US AND SUCH SEPARATE COUNSEL AS WE REASONABLY REQUEST.

THE LAWS OF SOME JURISDICTIONS DO NOT ALLOW THE DISCLAIMER OF IMPLIED WARRANTIES OR CERTAIN TYPES OF DAMAGES, SO SOME OR ALL OF THE DISCLAIMERS AND LIMITATIONS OF LIABILITY IN THESE TERMS MAY NOT APPLY TO YOU.

OUR PROVIDERS ARE INTENDED THIRD PARTY BENEFICIARIES OF THE WARRANTY DISCLAIMERS AND LIMITATIONS OF LIABILITY CONTAINED IN THIS SECTION 11.

12. General terms

Changes to the Services. Our Services are novel and will change. We may sometimes add or remove features, increase or decrease capacity limits, offer new Services, or stop offering certain Services.

Unless we specifically agree otherwise in a separate agreement with you, we reserve the right to modify, suspend, or discontinue the Services or your access to the Services, in whole or in part, at any time without notice to you. Although we will strive to provide you with reasonable advance notice if we stop offering a Service, there may be urgent situations—such as preventing abuse, responding to legal requirements, or addressing security and operability issues—where providing advance notice is not feasible. We will not be liable for any change to or any suspension or discontinuation of the Services or your access to them.

Changes to these terms. We may revise and update these Terms at our discretion. Some examples of times, we may update these Terms include (1) to reflect changes in our Services, like when we add or remove features or services, or update our pricing, (2) for security or legal reasons, or (3) to promote safety or prevent abuse. If you continue to access the Services after we post the updated Terms on Anthropic's website or otherwise give you notice of Terms changes, then you agree to the updated Terms. If you do not accept the updated Terms, you must stop using our Services.

Supplemental terms. We may offer Services or features that we believe require service-specific terms or guidelines. When using our Services, you agree to comply with any applicable guidelines, rules, or supplemental terms that may be posted on the Services from time to time ("Supplemental Terms"). If these Terms conflict with Supplemental Terms, the Supplemental Terms will govern for the applicable Service.

Entire agreement. These Terms and any other terms expressly incorporated by reference form the entire agreement between you and us regarding the subject matter of our Terms.

Termination. You may stop accessing the Services at any time. We may suspend or terminate your access to the Services (including any Subscriptions) at any time without notice to you if we believe that

you have breached these Terms, or if we must do so in order to comply with law. If we terminate your access to the Services due to a violation of these Terms and you have a Subscription, you will not be entitled to any refund. In addition, if you have a Subscription, we may terminate the Subscription at any time for any other reason. If we exercise this right and you purchased the subscription via our website, we will refund you, on a pro rata basis, the fees you paid for the remaining portion of your Subscription after termination. Any refunds for Subscriptions purchased via an App Distributor are subject to the App Distributor's terms and not these terms.

We may also terminate your Account if you have been inactive for over a year and you do not have a paid Account. If we terminate your Account due to inactivity, we will provide you with notice before doing so.

Upon termination of these Terms, a Subscription, or your access to the Services, we may at our option delete any Materials or other data associated with your Account. Sections 6 (with respect to fees outstanding as of such expiration or termination) and 9 – 12 will survive any expiration or termination of our Terms or a Subscription.

Severability. If a particular Term or portion of these Terms is not valid or enforceable, this will have no effect on any other Terms.

No waiver. Any delay or failure on our part to enforce a provision of these Terms is not a waiver of our right to enforce them later.

No assignment. These Terms may not be transferred or assigned by you without our prior written consent, but may be assigned by us without restriction.

Use of our brand. You may not, without our prior written permission, use our name, logos, or other trademarks in connection with products or services other than the Services, or in any other way that implies our affiliation, endorsement, or sponsorship. To seek permission, please email us at marketing@anthropic.com.

Export Controls. You may not export or provide access to the Services into any U.S. embargoed countries or to anyone on (i) the U.S. Treasury Department's list of Specially Designated Nationals, (ii) any other restricted party lists identified by the Office of Foreign Asset Control, (iii) the U.S. Department of Commerce Denied Persons List or Entity List, or (iv) any other restricted party lists. You represent and warrant that you and anyone accessing or using the Services on your behalf, or using your Account credentials, are not such persons or entities and are not located in any such country.

Legal Compliance. We may comply with governmental, court, and law enforcement requests or requirements relating to provision or use of the Services, or to information provided to or collected under our Terms. We reserve the right, at our sole discretion, to report information from or about you, including but not limited to Inputs, Outputs, or Actions to law enforcement.

U.S. Government Use. The Services were developed solely at private expense and are commercial computer software and commercial computer software documentation within the meaning of the applicable Federal Acquisition Regulations and their agency supplements. Accordingly, U.S. Government users of the Services will have only those rights that are granted to all other end users of the Services pursuant to these Terms.

13. In case of disputes

Equitable relief. You agree that (a) no adequate remedy exists at law if you breach Section 3 (Use of Our Services); (b) it would be difficult to determine the damages resulting from such breach, and any such breach would cause irreparable harm; and (c) a grant of injunctive relief provides the best remedy for any such breach. You waive any opposition to such injunctive relief, as well as any demand that we prove actual damage or post a bond or other security in connection with such injunctive relief.

Governing law and exclusive jurisdiction. Our Terms will be governed by, and construed and interpreted in accordance with, the laws of the State of California without giving effect to conflict of law principles. You and Anthropic agree that any disputes arising out of or relating to these Terms will be resolved exclusively in the state or federal courts located in San Francisco, California, and you and Anthropic submit to the personal and exclusive jurisdiction of those courts. By accessing our Services, you waive any claims that may arise under the laws of other jurisdictions.

Appendix B: Anthropic Commercial Terms of Service

Source: https://www.anthropic.com/legal/commercial-terms · retrieved October 16, 2026 · layout simplified; the published version governs.

Commercial Terms of Service

Welcome to Anthropic! Before accessing our Services, please read these Commercial Terms of Service.

These Commercial Terms of Service (“Terms”) are an agreement between Anthropic and you or the organization, company, or other entity that you represent (“Customer”). “Anthropic” means Anthropic Ireland, Limited if Customer resides in the European Economic Area (“EEA”), Switzerland or UK, and Anthropic, PBC if Customer resides anywhere else. They govern Customer’s use of Anthropic API keys and any other Anthropic offerings that references these Terms, as well as all related Anthropic tools, documentation and services (the “Services”). These Terms are effective on the earlier of the date that Customer first electronically consents to a version of these Terms and the date that Customer first accesses the Services (“Effective Date”).

Please note: You may not enter into these Terms on behalf of an organization, company, or other entity unless you have the legal authority to bind that entity. Services under these Terms are not for consumer use. Our consumer offerings (e.g., Claude.ai) are governed by our Consumer Terms of Service instead.

A. Services

A.1. Overview. Subject to these Terms, Anthropic gives Customer permission to use the Services, including to power products and services Customer makes available to its own customers and end users (“Users”).

A.2. Third Party Features. Customer may elect (in its sole discretion) to use features, services or other content made available by third parties to Customer through the Services (“Third Party Features”). Customer acknowledges and agrees that Third Party Features are not Services and, accordingly, Anthropic is not responsible for them.

A.3. Feedback. If Customer provides (in its sole discretion) Anthropic with feedback regarding the Services, Anthropic may use that feedback at its own risk and without obligation to Customer.

B. Customer Content

As between the parties and to the extent permitted by applicable law, Anthropic agrees that Customer (a) retains all rights to its Inputs, and (b) owns its Outputs. Anthropic disclaims any rights it receives to the Customer Content under these Terms. Subject to Customer’s compliance with these Terms, Anthropic hereby assigns to Customer its right, title and interest (if any) in and to Outputs. Anthropic may not train models on Customer Content from Services. “Inputs” means submissions to the Services by Customer or its Users and “Outputs” means responses generated by the Services to Inputs (Inputs and Outputs together are “Customer Content”).

C. Data Privacy

Data submitted through the Services will be processed in accordance with the Anthropic Data Processing Addendum (“DPA”), which is incorporated into these Terms by reference.

D. Trust and Safety; Restrictions

D.1. Compliance. Each party will comply with all laws applicable to the provision (for Anthropic) and use (for Customer) of the Services, including any applicable data privacy laws.

D.2. Policies and Service Terms. Customer and its Users may only use the Services in compliance with these Terms, including (a) the Usage Policy (“Usage Policy”, which was previously referred to as the Acceptable Use Policy), (b) our policy on the countries and regions Anthropic currently supports (“Supported Regions Policy”) and (c) our Service Specific Terms, each of which is incorporated by reference into these Terms. Customer must cooperate with reasonable requests for information from Anthropic to support compliance with its Usage Policy, including to verify Customer’s identity and use of the Services.

D.3. Limitations of Outputs; Notice to Users. It is Customer’s responsibility to evaluate whether Outputs are appropriate for Customer’s use case, including where human review is appropriate, before using or sharing Outputs. Customer acknowledges, and must notify its Users, that factual assertions in Outputs should not be relied upon without independently checking their accuracy, as they may be false, incomplete, misleading or not reflective of recent events or information. Customer further acknowledges that Outputs may contain content inconsistent with Anthropic’s views.

D.4. Use Restrictions. Customer may not and must not attempt to (a) access the Services to build a competing product or service, including to train competing AI models or resell the Services except as expressly approved by Anthropic; (b) reverse engineer or duplicate the Services; or (c) support any third party’s attempt at any of the conduct restricted in this sentence.

D.5. Service Account. Customer is responsible for all activity under its account. Customer will promptly notify Anthropic if Customer believes the account it uses to access the Services has been compromised, or is subject to a denial of service or similar malicious attack that may negatively impact the Services.

E. Confidentiality

E.1. Confidential Information. The parties may share information that is identified as confidential, proprietary, or similar, or that a party would reasonably understand to be confidential or proprietary ("Confidential Information"). Customer Content is Customer’s Confidential Information.

E.2. Obligations of Parties. The receiving party ("Recipient") may only use Confidential Information of the disclosing party ("Discloser") to exercise its rights and perform its obligations under these Terms. Recipient may only share Discloser’s Confidential Information to Recipient’s employees, agents, and advisors that have a need to know such Confidential Information and who are bound to obligations of confidentiality at least as protective as those provided in these Terms ("Representatives"). Recipient will protect Discloser’s Confidential Information from unauthorized use, access, or disclosure in the same manner as Recipient protects its own Confidential Information, and with no less than reasonable care. Recipient is responsible for all acts and omissions of its Representatives.

E.3. Exclusions. Confidential Information excludes information that: (a) becomes publicly available through no fault of Recipient; (b) is obtained by Recipient from a third party without a breach of the third party’s obligations of confidentiality; or (c) is independently developed by Recipient without use of Confidential Information. Recipient may disclose Discloser’s Confidential Information to the extent it is required by law, or court or administrative order, and will, except where expressly prohibited, notify Discloser of the required disclosure promptly and fully cooperate with Discloser’s efforts to prevent or narrow the scope of disclosure.

E.4. Destruction Request. Recipient will destroy Discloser’s Confidential Information promptly upon request, except where retained to comply with law or copies in Recipient’s automated back-up systems, which will remain subject to these obligations of confidentiality while maintained.

F. Intellectual Property

Except as expressly stated in these Terms, these Terms do not grant either party any rights to the other's content or intellectual property, by implication or otherwise.

G. Publicity

Anthropic may use Customer's name and logo to publicly identify Customer as a customer of the Services; provided that Customer may opt-out via this request form. Customer will consider in good faith any request by Anthropic to (1) provide a quote from a Customer executive regarding Customer's motivation for using the Services that Anthropic may use publicly and (2) participate in a public co-marketing activity.

H. Fees

H.1. Payment of Fees. Customer is responsible for fees incurred by its account, at the rates specified on the Model Pricing Page, unless otherwise agreed by the parties. Anthropic may require prepayment for the Services in the form of credits or offer other types of credits, all of which are subject to Anthropic's Supplemental Credits Terms. Anthropic may update the published rates, to be effective the earlier of 30 days after the updates are posted by Anthropic or Customer otherwise receives Notice.

H.2. Taxes. Fees do not include any taxes, duties, or assessments that may be owed by Customer for use of the Services (" Taxes "), unless otherwise specified in the applicable invoice. Customer is responsible for remitting any necessary withholding Taxes to the relevant authority on a timely basis and providing Anthropic with evidence of the same upon request. Where law provides for the reduction or elimination of withholding taxes, including via tax treaty, the parties will collaborate in good faith to do so. For clarity, Customer must pay Anthropic the amount (" Gross-up Payment ") that will ensure that Anthropic receives the same total amount that it would have received if no such withholding or reduction by Customer had been required (taking into account any and all applicable Taxes (including any Taxes imposed on the Gross-up Payment)).

H.3. Billing. Failure to pay Anthropic all amounts owed when due may result in suspension or termination of Customer's access to the Services. Anthropic reserves any other rights of collection it may have.

I. Termination and Suspension

I.1. Term. These Terms start on the Effective Date and continue until terminated (the "Term").

I.2. Termination.

I.2.a. Each party may terminate these Terms at any time for convenience with Notice, except Anthropic must provide 30 days prior Notice.

I.2.b. Either party may terminate these Terms for the other party's material breach by providing 30 days prior Notice detailing the nature of the breach unless cured within that time.

I.2.c. Anthropic may terminate these Terms immediately with Notice if Anthropic reasonably believes or determines that Anthropic's provision of the Services to Customer is prohibited by applicable law.

I.3. Suspension.

I.3.a. Anthropic may suspend Customer's access to any portion or all of the Services if: (a) Anthropic reasonably believes or determines that (i) there is a risk to or attack on any of the Services; (ii) Customer or any User is using the Services in violation of Sections D.1 (Compliance), D.2 (Policies and Service Terms) or D.4 (Use Restrictions); or (iii) Anthropic's provision of the Services to Customer is prohibited by applicable law or would result in a material increase in the cost of providing the Services; or (b) any vendor suspends or terminates Anthropic's use of any third-party services or products required to enable Customer to access the Services (each, a "Service Suspension").

I.3.b. Anthropic will use reasonable efforts to provide written notice of any Service Suspension to Customer, and resume providing access to the Services, as soon as reasonably possible after the event giving rise to the Service Suspension is cured, where curable. Anthropic will have no liability for any damage, liabilities, losses (including any loss of data or profits), or any other consequences that Customer may incur because of a Service Suspension.

I.4. Effect of Termination. Upon termination, Customer may no longer access the Services. The following provisions will survive termination or expiration of these Terms: (a) Sections E (Confidentiality), G (Publicity), H (Fees), I (Termination and Suspension), J (Disputes), K (Indemnification), L.2 (Disclaimer of Warranties), L.3 (Limits on Liability), and M (Miscellaneous); (b) any provision or condition that must survive to fulfill its essential purpose.

J. Disputes

J.1. Disputes. In the event of a dispute, claim or controversy relating to these Terms (“Dispute”), the parties will first attempt in good faith to informally resolve the matter. The party raising the Dispute must notify the other party (“Dispute Notice”). The other party will respond to the Dispute Notice in a timely manner. If the parties have not resolved the dispute within 45 days of delivery of the Dispute Notice, either party may seek to resolve the dispute through arbitration as stated in Section J.2 (Arbitration).

J.2. Arbitration. Any Dispute will be determined in English by final, binding arbitration according to the region-specific processes below. Judgment on any award issued through the arbitration process in this Section J.2 (Arbitration) may be entered in any court having jurisdiction. EACH PARTY AGREES THEY ARE WAIVING THE RIGHT TO A TRIAL BY JURY, AND THE RIGHT TO JOIN AND PARTICIPATE IN A CLASS ACTION, TO THE FULLEST EXTENT PERMITTED UNDER THE LAW IN CONNECTION WITH THESE TERMS.

J.2.a. For Customers residing in the EEA, Switzerland or UK, Disputes will be determined by a sole arbitrator in Dublin, Ireland pursuant the UNCITRAL Arbitration Rules as at present in force. The appointing authority shall be the President for the time being of the Law Society of Ireland.

J.2.b. For Customers residing anywhere else, Disputes will be determined by a sole arbitrator in San Francisco, CA pursuant to the Comprehensive Arbitration Rules and Procedures of Judicial Arbitration and Mediation Services, Inc.

J.3. Equitable Relief. This Section J (Disputes) does not limit either party from seeking equitable relief.

K. Indemnification

K.1. Claims Against Customer. Anthropic will defend Customer and its personnel, successors, and assigns from and against any Customer Claim (as defined below) and indemnify them for any judgment that a court of competent jurisdiction grants a third party on such Customer Claim or that an arbitrator awards a third party under any Anthropic-approved settlement of such Customer Claim. " Customer Claim " means a third-party claim, suit, or proceeding alleging that Customer’s paid use of the Services (which includes data Anthropic has used to train a model that is part of the Services) in accordance with these Terms or Outputs generated through such authorized use violates any third-party intellectual property right.

K.2. Claims Against Anthropic. Customer will defend Anthropic and its personnel, successors, and assigns from and against any Anthropic Claim (as defined below) and indemnify them for any judgment that a court of competent jurisdiction grants a third party on such Anthropic Claim or that an arbitrator awards a third party under any Customer-approved settlement of such Anthropic Claim. “Anthropic Claim” means any third-party claim, suit, or proceeding related to Customer’s or its Users’ (a) Inputs or other data provided by Customer, or (b) use of the Services in violation of the Usage Policy, the Service Specific Terms, or Section D.4 (Use Restrictions). Anthropic Claims and Customer Claims are each a “Claim”, as applicable.

K.3. Exclusions. Neither party's defense or indemnification obligations will apply to the extent the underlying allegation arises from the indemnified party's fraud, willful misconduct, violations of law, or breach of the Agreement. Additionally, Anthropic's defense and indemnification obligations will not apply to the extent the Customer Claim arises from: (a) modifications made by Customer to the Services or Outputs; (b) the combination of the Services or Outputs with technology or content not provided by Anthropic; (c) Inputs or other data provided by Customer; (d) use of the Services or Outputs in a manner that Customer knows or reasonably should know violates or infringes the rights of others; (e) the practice of a patented invention contained in an Output; or (f) an alleged violation of trademark based on use of an Output in trade or commerce.

K.4. Process. The indemnified party must promptly notify the indemnifying party of the relevant Claim, and will reasonably cooperate in the defense. The indemnifying party will retain the right to control the defense of any such Claim, including the selection of counsel, the strategy and course of any litigation or appeals, and any negotiations or settlement or compromise, except that the indemnified party will have the right, not to be exercised unreasonably, to reject any settlement or compromise that requires that it admit wrongdoing or liability or subjects it to an ongoing affirmative obligation. The indemnifying party's obligations will be excused if either of the following materially prejudices the defense: (a) failure of the indemnified party to provide prompt notice of the Claim; or (b) failure to reasonably cooperate in the defense.

K.5. Sole Remedy. To the extent covered under this Section K (Indemnification), indemnification is each party's sole and exclusive remedy under these Terms for any third-party claims.

L. Warranties and Limits on Liability

L.1. Warranties. Each party represents and warrants that (a) it is authorized to enter into these Terms; and (b) entering into and performing these Terms will not violate any of its corporate rules, if applicable. Customer further represents and warrants that it has all rights and permissions required to submit Inputs to the Services.

L.2. Disclaimer of Warranties. EXCEPT TO THE EXTENT EXPRESSLY PROVIDED FOR IN THESE TERMS, TO THE MAXIMUM EXTENT PERMITTED UNDER LAW (A) THE SERVICES AND OUTPUTS ARE PROVIDED "AS IS" AND "AS AVAILABLE" WITHOUT WARRANTY OF ANY KIND; AND (B) ANTHROPIC MAKES NO WARRANTIES, EXPRESS OR IMPLIED, RELATING TO THIRD-PARTY PRODUCTS OR SERVICES, INCLUDING THIRD-PARTY INTERFACES. ANTHROPIC EXPRESSLY DISCLAIMS ALL IMPLIED WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY, NON-INFRINGEMENT, AND FITNESS FOR A PARTICULAR PURPOSE, AS WELL AS ANY IMPLIED WARRANTY ARISING FROM STATUTE, COURSE OF DEALING OR PERFORMANCE, OR TRADE USE. ANTHROPIC DOES NOT WARRANT, AND DISCLAIMS THAT, THE SERVICES OR OUTPUTS ARE ACCURATE, COMPLETE OR ERROR-FREE OR THAT THEIR USE WILL BE UNINTERRUPTED. REFERENCES TO A THIRD PARTY IN THE OUTPUTS MAY NOT MEAN THEY ENDORSE OR ARE OTHERWISE WORKING WITH ANTHROPIC.

L.3. Limits on Liability.

L.3.a. Except as stated in Section L.3.b, the liability of each party, and its affiliates and licensors, for any damages arising out of or related to these Terms (i) excludes damages that are consequential, incidental, special, indirect, or exemplary damages, including lost profits, business, contracts, revenue, goodwill, production, anticipated savings, or data, and costs of procurement of substitute goods or services and (ii) is limited to Fees paid by Customer for the Services in the previous 12 months.

L.3.b. The limitations of liability in this Section L.3 (Limits on Liability) do not apply to either party's obligations under Section K (Indemnification).

L.3.c. THE LIMITATIONS OF LIABILITY IN THIS SECTION L.3 (LIMITS ON LIABILITY) APPLY: (I) TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW; (II) TO LIABILITY IN TORT, INCLUDING FOR

NEGLIGENCE; (III) REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, STRICT PRODUCT LIABILITY, OR OTHERWISE; (IV) EVEN IF THE BREACHING PARTY IS ADVISED IN ADVANCE OF THE POSSIBILITY OF THE DAMAGES IN QUESTION AND EVEN IF SUCH DAMAGES WERE FORESEEABLE; AND (E) EVEN IF THE INJURED PARTY'S REMEDIES FAIL OF THEIR ESSENTIAL PURPOSE.

L.3.d. The parties agree that they have entered into these Terms in reliance on the terms of this Section L.3 (Limits on Liability) and those terms form an essential basis of the bargain between the parties.

M. Miscellaneous

M.1. Notices. All notices, demands, waivers, and other communications under these Terms (each, a " Notice ") must be in writing. Except for notices related to demands to arbitrate or where equitable relief is sought, any Notices provided under these Terms may be delivered electronically to the address provided to Anthropic if to Customer; and to notices@anthropic.com if to Anthropic. Notice is effective only: (a) upon receipt by the receiving party, and (b) if the party giving the Notice has complied with all requirements of this Section M.1 (Notices).

M.2. Electronic Communications. Customer agrees to receive electronic communications from Anthropic based on Customer’s use of the Services and related to these Terms. Except where prohibited by applicable law, electronic communications may be sent via email, through the Services or Customer’s management dashboard, or posted on Anthropic’s website. Anthropic may also provide electronic communications via text or SMS about Customer’s use of the Services or as Customer otherwise requests from Anthropic. If Customer wishes to stop receiving such messages, Customer may request it from Anthropic or respond to any such texts with “STOP”.

M.3. Amendment and Modification. Anthropic may update these Terms at any time, to be effective 30 days after the updates are posted by Anthropic or Customer otherwise receives Notice, except that updates made in response to changes to law or regulation take effect immediately upon posting or Notice. Changes will not apply retroactively. No other amendment to or modification of these Terms is effective unless it is in writing and signed by both parties. Failure to exercise or delay in exercising any rights or remedies arising from these Terms does not and will not be construed as a waiver; and no single or partial exercise of any right or remedy will preclude future exercise of such right or remedy.

M.4. Assignment and Delegation. Neither party may assign its rights or delegate its obligations under these Terms without the other party’s prior written consent, except that Anthropic may assign its rights and delegate its obligations to an affiliate or as part of a sale of all or substantially all its business. Any purported assignment or delegation is null and void except as permitted above. No permitted assignment or delegation will relieve the contracting party or assignees of their obligations under these Terms. These Terms will bind and inure to the benefit of the parties and their respective permitted successors and assigns.

M.5. Severability. If a provision of these Terms is invalid, illegal, or unenforceable in any jurisdiction, such invalidity, illegality, or unenforceability will neither affect any other term or provision of these Terms nor invalidate or render unenforceable such term or provision in any other jurisdiction. Upon such determination that any term or other provision is invalid, illegal, or unenforceable, the parties will negotiate in good faith to modify these Terms to reflect the parties’ original intent as closely as possible.

M.6. Interpretation. These Terms will be construed mutually, with neither party considered the drafter. Document and section titles are provided for convenience and will not be interpreted. The phrases “for example” or “including” or “or” are not limiting.

M.7. Governing Law; Venue.

M.7.a. These Terms are governed by and construed in accordance with the Governing Laws, without giving effect to any choice of law provision. “Governing Laws” means (i) for Customers in the EEA, Switzerland, or UK, the Laws of Ireland; and (ii) for all other Customers, the laws of the State of California.

M.7.b. Any suits, actions, or proceedings related to these Terms that are not required to be resolved via arbitration pursuant to Section J (Disputes) will be instituted exclusively in the Venue, and each party irrevocably submits to their exclusive jurisdiction. “Venue” means (i) for Customers in the EEA, Switzerland or UK, the courts of Ireland; and (ii) for all other Customers, federal or state courts located in California.

M.8. Export and Sanctions. Customer may not export or provide access to the Services to persons or entities or into countries or for uses where it is prohibited under U.S. or other applicable international law. Without limiting the foregoing sentence, this restriction applies (a) to countries where export from the US or into such country would be prohibited or illegal without first obtaining the appropriate license, and (b) to persons, entities, or countries covered by U.S. sanctions.

M.9. Integration. These Terms (including the Usage Policy, Supported Regions Policy, Service Specific Terms, DPA, Model Pricing Page and other documents or terms that are incorporated by reference by these Terms) constitute the parties’ entire understanding as to the Services’ provision and use. These Terms supersede all other understandings or agreements between the parties regarding the Services.

M.10. Force Majeure. Neither party will be liable for failure or delay in performance to the extent caused by circumstances beyond its reasonable control.

Appendix C: Anthropic Usage Policy (Acceptable Use Policy)

Source: https://www.anthropic.com/legal/aup · retrieved October 16, 2026 · layout simplified; the published version governs.

Usage Policy

Our Usage Policy (also referred to as our “Acceptable Use Policy” or “AUP”) applies to anyone who submits inputs to Anthropic’s products or services, all of whom we refer to as “users.” This includes individuals using our apps (such as Claude.ai and Claude Code), developers and businesses using our API and developer platforms, customers accessing Claude through cloud providers and authorized resellers, and the end users of products or services integrating Claude. The Usage Policy is intended to prevent our products and services from being used to create or contribute to real-world harm, and to promote the responsible use of our products and services.

Please review this Usage Policy carefully before using our products or services.

We will update our policy as our technology and the associated risks evolve or as we learn about unanticipated risks.

Our Usage Policy is divided into three categories:

- Universal Usage Standards: Our Universal Usage Standards are prohibitions that apply to all users and use cases.
- High-risk Use Case Requirements: Our High-risk Use Case Requirements apply to specific use cases that pose an elevated risk of harm to individuals.
- Additional Use Case Guidelines: Our Additional Use Case Guidelines apply to certain other use cases, including consumer-facing chatbots and agents, products serving minors, agentic use, and software listed in our directories.

Our Usage Policy focuses on how our products and services are used. Its prohibitions and requirements do not categorically prohibit use by any particular industry or line of business, provided the use of our products and services complies with this Usage Policy.

Anthropic’s Safeguards Team implements detection and monitoring to enforce our Usage Policy. If we suspect that you may have violated our Usage Policy, we may warn you or throttle, limit, suspend, or terminate your access to our products and services.

Our products also include real-time safeguards that may block or limit certain outputs, but encountering a block does not by itself indicate a violation of the Usage Policy. For certain dual-use or high-risk use cases covered by real-time safeguards in select domains, we may offer programs where you can apply to be granted access to our products and services with adjusted safeguards, such as our Cyber Verification Program and Life Sciences Verification Program, subject to program-specific eligibility criteria.

If you believe that our model outputs are potentially inaccurate, biased, or harmful, please notify us at usersafety@anthropic.com, or report it directly in our product through the “report issues” thumbs down button or similar feedback features (where available). You can read more about our Safeguards practices and recommendations in our Safeguards Support Center.

This Usage Policy is calibrated to strike an optimal balance between enabling beneficial uses and mitigating potential harms. Anthropic may enter into contracts with certain governmental customers that tailor use restrictions to that customer’s public mission and legal authorities if, in Anthropic’s

judgment, the contractual use restrictions and applicable safeguards are adequate to mitigate the potential harms addressed by this Usage Policy.

Do Not Violate Applicable Laws or Engage in Illegal Activity

This includes using our products or services to:

- Illegally produce, acquire, sell, or distribute controlled or regulated substances
- Engage in or facilitate human trafficking or prostitution
- Infringe, misappropriate, or violate the intellectual property rights of a third party
- Violate any other applicable laws or regulations in your jurisdiction

Do Not Compromise Critical Infrastructure

This includes using our products or services to:

- Facilitate the destruction or disruption of critical infrastructure such as power grids, water treatment facilities, medical devices, telecommunication networks, emergency services, or transportation systems
- Obtain unauthorized access to critical systems such as election, healthcare, or financial systems
- Interfere with the operation of military bases and related infrastructure

Do Not Compromise Computer or Network Systems Without Authorization

This includes using our products or services to:

- Discover or exploit vulnerabilities in systems, networks, or applications without authorization of the system owner
- Gain unauthorized access to, or escalate unauthorized privileges within, systems, networks, applications, or devices through technical attacks or social engineering
- Create or install tools designed to intercept communications or monitor devices without authorization of the system owner
- Develop persistent unauthorized remote access tools designed to operate below normal system security levels, including firmware modifications or hardware implants
- Create automated tools designed to compromise multiple systems at scale without authorization
- Bypass security controls such as authentication systems, endpoint protection, or monitoring tools without authorization
- Create or distribute malware, ransomware, or other types of malicious code
- Conduct denial-of-service attacks, or develop tools for denial-of-service attacks or managing botnets

This section does not prohibit security research, testing, or tool development conducted on systems you own or operate, with the authorization of the system owner, or within the scope of an authorized bug bounty program or vulnerability disclosure policy, provided the activity complies with applicable law. For work covered by our real-time cyber safeguards, users may apply for adjusted access through our Cyber Verification Program.

Do Not Develop or Design Weapons

This includes using our products or services to:

- Develop, produce, modify, design, or test weapons, explosives, dangerous materials, weapons functionalities of weapons systems, or other systems, including retrofitted hardware, designed to deliver lethal or destructive force

- Develop or operate software or components for the testing or operation of weapons or weapons functionalities of weapons systems, including targeting, fire control, or engagement
- Weaponize or integrate weapons onto drones, vehicles, or any unmanned or autonomous platforms, or develop weapons delivery systems
- Illegally acquire, sell, or transfer weapons, or circumvent regulatory controls (including licensing or export controls) for their acquisition or transfer
- Design, synthesize, produce, acquire, operate, test, deploy, or plan the deployment of biological, chemical, radiological, or nuclear weapons, explosive or improvised explosive devices, or their precursors or delivery mechanisms, including developing weapons-critical technology (such as fissile material production, enrichment, or device design)
- Modify, design, or test biological or chemical agents to adjust or optimize their lethality, transmissibility, virulence, environmental persistence, or resistance to detection or medical countermeasures

Do Not Incite Violence or Hateful Behavior

This includes using our products or services to:

- Incite, facilitate, or promote violent extremism, terrorism, or hateful behavior
- Provide material support for organizations or individuals associated with violent extremism, terrorism, or hateful behavior
- Facilitate or promote any act of violence or intimidation targeting individuals, groups, animals, or property
- Engage in or promote discriminatory practices or behaviors against individuals or groups on the basis of one or more protected attributes, including race, ethnicity, religion, national origin, gender, sexual orientation, caste, or disability

Do Not Compromise Privacy or Identity Rights

This includes using our products or services to:

- Violate privacy rights as defined by applicable privacy laws, such as sharing personal information without consent or accessing private data unlawfully
- Misuse, collect, solicit, or gain access without permission to private information such as non-public contact details, health data, biometric or neural data (including facial recognition), or confidential or proprietary data
- Compile, aggregate, or enrich personal data from multiple sources to build profiles of individuals for sale, licensing, or disclosure to third parties without those individuals' awareness and agreement, in furtherance of use prohibited under this Usage Policy

Do Not Compromise Children’s Safety

This includes using our products or services to:

- Create, distribute, promote, or facilitate the creation of child sexual abuse material (“CSAM”), including AI-generated CSAM, or other sexually exploitative content involving minors
- Facilitate the trafficking, sextortion, or any other form of exploitation of a minor
- Facilitate minor grooming, including generating content designed to impersonate a minor
- Facilitate child abuse of any form, including instructions for how to conceal abuse
- Promote or facilitate pedophilic relationships, including via roleplay with the model

- Fetishize or sexualize minors, including in fictional settings or via roleplay with the model

When we detect CSAM (including AI-generated CSAM), activity facilitating the production or dissemination of CSAM, or scenarios where a minor may be at imminent risk of sexual abuse or exploitation, we will report our findings to relevant authorities. We define a minor or child to be any individual under the age of 18 years old, regardless of jurisdiction.

Any specific age eligibility requirements for use of our products will be set out in our Terms of Service.

Do Not Engage in Cruel, Abusive, or Psychologically Harmful Conduct

This includes using our products or services to:

- Promote, facilitate, or glamorize suicide or self-harm, such as soliciting methods, instructions for engaging in these behaviors, or instructions for hiding them from others
- Promote or facilitate eating disorders, including generating pro-eating disorder content or requesting methods for restriction, purging, or compensatory exercise
- Create or share content that promotes harmful idealization of body weight, shape, or type, including shaming, ranking, or critiquing people's bodies based on their size or shape, or presenting weight or shape as a measure of a person’s inherent worth or discipline
- Create, distribute, threaten to share, promote, or facilitate the creation of non-consensual intimate imagery (“NCII”), including AI-generated material or tools designed to produce it
- Shame, humiliate, intimidate, bully, harass, or celebrate the suffering of individuals
- Coordinate the harassment or intimidation of an individual or group
- Promote, trivialize, or glorify graphic violence, gore, sexual violence, or animal cruelty or abuse
- Develop a new product or service, or support an existing product or service, that employs or facilitates deceptive techniques with the intent of causing emotional harm
- Engage in sustained and needless abusive or cruel behavior toward our models

Do Not Create or Spread Disinformation

This includes using our products or services to:

- Create or disseminate deceptive or misleading information about a group, entity, or person, or about events, laws, regulations, procedures, or the standards of an institution or governing body
- Create, disseminate, or amplify conspiratorial narratives meant to target a specific group, individual, or entity
- Impersonate real individuals or entities, or create fake personas or accounts, to falsely attribute content or mislead audiences about its origin, or to convince people they are interacting with a human when they are not. This does not prohibit clearly disclosed parody, satire, or fiction.
- Create or disseminate false or misleading information related to medical, health, or science issues

Do Not Engage in Deceptive Campaigns or Artificial Activity

This includes using our products or services to:

- Create or operate fake personas, accounts, media outlets, or organizations, or impersonate real people, organizations, or media outlets, in order to mislead people about their origin or attribution, how widely a view is held, or whether they are interacting with a human (e.g., sockpuppets, astroturfing, fake reviews, or bots that claim to be human)
- Misrepresent or intentionally conceal the sponsorship of content or messaging intended to influence public opinion, officials, or other decision-makers

- Distribute content through networks of fake or ostensibly independent outlets, websites, or accounts to hide that it comes from a common source
- Manipulate the sources from which search engines or AI systems draw answers by seeding them with content that misrepresents its origin, authorship, or independence (e.g., networks of sites posing as unaffiliated sources corroborating the same claims)
- Build, improve, maintain, or contribute to tools, systems, or infrastructure designed to facilitate or enable deceptive campaigns, including astroturfing, sockpuppet account creation, coordinated inauthentic behavior, or scaled impersonation
- Market, sell, or solicit funding for any of the above as a product or service

Do Not Undermine Democratic Processes

This includes using our products or services to:

- Generate automated calls or messages to voters or public officials at scale that conceal their artificial origin
- Create content, or operate accounts or systems, that falsely appear to come from or on behalf of a real candidate, official, election authority, campaign, or news outlet, including fabricated statements, endorsements, or synthetic media not disclosed as synthetic
- Generate or disseminate false or misleading information in political and electoral contexts, including about candidates, parties, policies, voting procedures, or election security
- Encourage, glorify or facilitate the disruption of electoral or civic processes, including interference with voting systems, vote counting, certification processes, or any other infrastructure used for voting
- Create or disseminate content or engage in behavior designed to suppress voter turnout or discourage legitimate political participation through deception or intimidation

Do Not Use for Surveillance, Censorship, or Prohibited Law Enforcement or Criminal Justice Purposes

This includes using our products or services to:

- Make or suggest decisions in law enforcement or criminal justice processes, including decisions to investigate, charge, arrest or detain, prosecute, sentence, or grant or revoke early or conditional release
- Target or track a person or their property without that person’s consent by monitoring their physical location, biometrics, movements, online activities, communications, or associations, whether in real time, on an ongoing basis, or through analysis of previously collected data. This includes using our products for facial recognition, battlefield management, predictive policing, or monitoring in law enforcement investigations.
- Build, improve, or enhance the surveillance capabilities of tools, systems, or infrastructure designed for the surveillance uses prohibited in this section
- Identify, unmask, or locate people from anonymous or pseudonymous activity, or compile dossiers or aggregate personal information on individuals, in order to harass, intimidate, surveil, or cause harm to the target (e.g., doxxing)
- Utilize models to assign scores or ratings to individuals based on an assessment of their trustworthiness or social behavior without notification or their consent
- Build or support emotional recognition systems or techniques that are used to infer emotions of a natural person, except for medical or safety reasons

- Analyze or identify specific content to censor on behalf of a government organization
- Utilize models as part of any biometric categorization system for categorizing people based on their biometric data to infer their race, political opinions, trade union membership, religious or philosophical beliefs, sex life or sexual orientation
- Utilize models as part of any law enforcement application that violates or impairs the liberty, civil liberties, or human rights of natural persons

This section does not prohibit analysis or tracking that individuals have agreed to, such as for fraud detection or anti-money laundering screening on a financial account, or consumer apps where a user has opted in. It also does not prohibit aggregated or anonymized analysis, content moderation, authorized security research, legal research and analysis by law enforcement agencies or courts, or journalism, provided these activities are not used for the purposes prohibited above.

Do Not Engage in Fraudulent, Abusive, or Predatory Practices

This includes using our products or services to:

- Facilitate the production, acquisition, or distribution of counterfeit or illicitly acquired goods
- Promote or facilitate the generation or distribution of spam
- Undertake, facilitate, or generate content for fraudulent activities, schemes, scams, extortion, phishing (including websites or domains that mimic legitimate webpages), social engineering, or malware
- Create, buy, or sell falsified documents including fake IDs, licenses, currency, government documents, or financial or employment records, or misrepresent professional credentials
- Develop, promote, or otherwise facilitate the sale or distribution of fraudulent or deceptive products
- Engage in deceptive or abusive practices that exploit individuals, including based on age, disability, or a specific social or economic situation, such as pyramid schemes, predatory lending, or abusive debt collection
- Deploy, develop, or support a product or service that uses subliminal, manipulative, or deceptive techniques to distort behavior by impairing decision-making
- Engage in actions or behaviors that circumvent the guardrails or terms of other platforms or services
- Plagiarize or submit AI-assisted work without proper permission or attribution

Do Not Abuse Our Platform

This includes using our products or services to:

- Coordinate malicious activity across multiple accounts, or create multiple accounts, to avoid detection, circumvent product guardrails, or generate identical or similar inputs that otherwise violate our Usage Policy
- Utilize automation in account creation or to engage in spammy behavior
- Circumvent a ban through the use of a different account, such as the creation of a new account, use of an existing account, or providing access to a person or entity that was previously banned
- Access, facilitate, or provide others (including end users) with access to our products or services in violation of our Supported Regions Policy
- Intentionally bypass or interfere with capabilities, restrictions, or guardrails established within our products, including by circumvention of the account sign-up or log-in process or by instructing the model to produce harmful outputs (e.g., jailbreaking or prompt injection), without prior authorization

from Anthropic

- Use stolen, fraudulent, or unauthorized payment methods, or otherwise evade payment for our services
- Use outputs to train an AI model (e.g., “model scraping” or “model distillation”) without prior authorization from Anthropic
- Resell, proxy, or otherwise provide access to Claude through unauthorized means, including services that route requests through consumer subscriptions or misrepresent the product or client being used

Do Not Generate Sexually Explicit Content

This includes using our products or services to:

- Depict or request sexual intercourse or sex acts
- Generate content related to sexual fetishes or fantasies
- Facilitate, promote, or depict incest or bestiality
- Engage in erotic chats

Certain uses of our products and services can impact an individual’s health, legal rights, finances, livelihoods, or access to housing, education, or essential services. When our products are used for these high-risk use cases, we require that a qualified person remain accountable for what is delivered or decided, and that the impacted individual knows AI was involved in the advice or decision. These requirements apply to anyone who uses our products to make a High-risk AI Recommendation or control equipment capable of High-risk Physical Actions.

These requirements for high-risk use cases are meant to protect individuals. However, they do not replace local legal requirements and restrictions. Users should always default to following local laws if those laws conflict with or add additional requirements to the requirements listed below. Our products and services may not be suitable for all use cases.

Requirements

For High-risk AI Recommendations or Physical Actions, users must implement the following controls:

- Qualified human-in-the-loop for advice and decisions — A qualified person must meaningfully review a High-risk AI Recommendation, with the authority to change or modify it, before it is delivered as advice to an individual who might rely on it or before it is used to implement a decision. A qualified person is someone with the training or experience to evaluate the output in that field, and who holds a license where applicable law requires one for the underlying activity. The qualified person remains responsible for the accuracy and appropriateness of what is delivered or decided.
- Disclosure for advice and decisions — An individual who receives advice or who is the subject of a decision based on a High-risk AI Recommendation must be clearly told that AI was used to produce it. Users do not need to identify Anthropic, Claude, or the model used.
- Human control and independent safety limits for physical actions — For High-risk Physical Actions, there must be a qualified individual who is able to observe the equipment’s operation and stop it at any time, and the equipment must stop or hold a safe state when that individual intervenes or when connection to our services is lost. Any operating limits to keep the equipment within safe bounds, such as speed, force, reach, temperature, pressure, voltage, energy output, dose, or operating area, must be enforced by the equipment or a controller independent of model output.

These requirements apply alongside applicable law. For physical devices, they do not replace vehicle, aviation, medical device, machinery, or workplace safety law or certification.

High-risk AI Recommendations

The requirements apply when users use our products or services to provide a recommendation in any of the following, which are “High-risk Areas”:

- Legal — advising an individual on their legal rights, obligations, or liability, or on what to do in a specific legal matter, or preparing legal documents for them to sign or file.
- Medical — diagnosing a condition; recommending, starting, stopping, or adjusting a treatment or medication, including dose; interpreting an individual's symptoms or test results to triage, provide a diagnosis, advise on treatment risks or side effects, or create a treatment plan. This includes assessing, diagnosing, or treating a mental health condition.
- Finance — a personalized recommendation to buy, sell, hold, or allocate among specific investment products, such as securities, funds, digital assets, or annuities; advising an individual on their own taxes, such as what to report, deduct, or claim; or preparing a tax return for them to sign or file.
- Credit — approving, denying, or setting the amount, rate, or limit of a loan, mortgage, credit line, or similar product, or reducing or closing an existing one, or producing a credit score or creditworthiness assessment used for such decisions.
- Insurance — underwriting or pricing a policy; determining the outcome of a claim; making a coverage, prior-authorization, or medical-necessity determination; cancelling or declining to renew a policy.
- Housing — approving, denying, or ranking a rental or purchase application; terminating a tenancy or initiating eviction or foreclosure.
- Employment — screening, ranking, advancing, or rejecting candidates; hiring; promoting or demoting; setting or changing shifts, hours, or pay; evaluating a worker’s performance or behavior, including through disciplining, suspending, or terminating a worker.
- Education and credentials — admitting, rejecting, or ranking applicants; grading an exam or assessment that determines admission, graduation, licensure, or certification (outside of multiple-choice testing); granting, denying, or revoking a professional license or certification; making a determination of academic misconduct or suspending or expelling a student.
- Healthcare access — setting triage or waitlist priority; determining eligibility for, denying, or discontinuing a treatment, service, or care program.
- Public benefits and services — determining eligibility for, or the amount of, government benefits, assistance, or essential services, including suspension and termination.
- Legal status and adjudication — deciding or recommending the outcome of a civil, administrative, or arbitral matter; determining immigration, asylum, or citizenship status.

Prohibition Reminder: Use of our products or services to make or suggest decisions in law enforcement or criminal justice processes is prohibited under our Universal Usage Standards and is not a High-risk AI Recommendation.

High-risk Physical Actions

When connecting our models to hardware that can take physical actions, users should assess and understand 1) the range of possible outcomes if something goes wrong, 2) the nature and extent of potential impact to individuals, groups or populations, and 3) the degree of control the user maintains relative to the autonomy the model has, including possible risks such as prompt injection or manipulation. The requirements apply when outputs of our products and services are acted upon by hardware without human approval where the hardware or linked equipment can:

- Move through shared space — steer, accelerate, brake, or navigate a vehicle, vessel, aircraft, drone, or mobile robot in a place where people may be present, or on roads, waterways, or airspace.
- Apply force that could cause injury — actuate arms, presses, lifts, hoists, doors, gates, conveyors, or other machinery capable of striking, crushing, pinning, or dropping a load on a person nearby.
- Control hazardous energy or materials — operate heating elements or open flame, pressure systems, high-voltage or high-current circuits, lasers or radiation sources above eye- and skin-safe levels, or control the release, mixing, or dispensing of hazardous chemical or biological materials, at levels capable of causing injury.
- Act on the human body — administer or adjust a drug, fluid, gas, electrical stimulation, or radiation or other energy dose to a person, or cut, penetrate, or move instruments within a person’s body or tissue, including through a surgical, interventional, worn, attached, or implanted device.
- Control safety systems — arm, disarm, trigger, or override fire suppression, emergency shutoffs, alarms, ventilation, or locks and barriers that could confine a person.
- Run industrial processes — control plant or process equipment where a fault could injure workers or a member of the public (including diffuse or indirect harms, such as food poisoning or defective products).

Prohibition Reminder: Our Universal Usage Standards prohibit actions related to weapons, critical infrastructure, violence, and surveillance.

Exclusions

The requirements do not apply to:

AI Recommendations

Using our products to assist in workflows that are related to, but do not actually provide, High-risk AI Recommendations. Some non-exhaustive examples are:

- General information or educational content, including explaining what a law says, how a condition or treatment works, or how investing works, without applying it to the individual's circumstances.
- Wellness content, such as education on sleep, stress, nutrition, or exercise.
- Explaining or helping an individual understand advice, a diagnosis, or a decision that a qualified person has already given them (as long as it is not an additional High-risk AI Recommendation).
- Internal drafting, research, summarization, or analysis that is not the ultimate High-risk AI Recommendation delivered.
- Carrying out a decision a person has already made, or applying a fixed rule, formula, or algorithm where the model exercises no judgment about the individual.
- Business operations that do not advise or decide about a specific individual.

Physical Actions

- Consumer and household devices operating within the manufacturer's built-in safety limits, where the worst possible outcome is discomfort or inconvenience.
- Generating plans, code, toolpaths, waypoints, or commands that a qualified person reviews before they are executed on equipment.
- Monitoring, sensing, or reporting on equipment without controlling it.
- Laboratory automation handling non-hazardous materials inside enclosed instruments.

Favorable Decisions

Where permitted by law, human-in-the-loop review is not required before acting on a High-risk AI Recommendation wholly favorable to the individual in the following circumstances:

- Paying an insurance claim.
- Approving coverage or prior authorization for care a clinician has ordered.
- Granting eligibility for a healthcare service or program.
- Granting or continuing a public benefit or service.

Additional legal obligations such as disclosure may still apply. A partial approval, reduced amount, or approval with conditions is not considered “wholly favorable.”

The below use cases — regardless of whether they involve High-risk AI Recommendations or Physical Actions — must comply with the additional guidelines provided.

- All consumer-facing chatbots or AI agents that communicate directly with external users must disclose to users that they are interacting with AI rather than a human. This disclosure must be provided at a minimum at the beginning of each chat session or in the product interface. The disclosure does not need to identify Anthropic, Claude, or the model used.
- Products serving minors, including organizations providing minors with the ability to directly interact with products that incorporate our API(s), must comply with the additional guidelines outlined in our Support article and all applicable laws.
- Agentic use cases must comply with the Usage Policy. Users are responsible for ensuring that agents they build or deploy, including actions those agents take through tools, browsers, or connected systems, comply with this Usage Policy.
- Software listed in our Directories must comply with our Software Directory Policy.

We also provide additional informational resources in our Safeguards Support Center, including:

- Our Child Safety Guidance for Developers for detailed guidance on identifying and mitigating child safety risks.
- Additional information about our mental health safeguards on Claude.ai.

Appendix D: Anthropic Privacy Policy

Source: https://www.anthropic.com/legal/privacy · retrieved October 16, 2026 · layout simplified; the published version governs.

Privacy Policy

Anthropic is an AI safety and research company working to build reliable, interpretable, and steerable AI systems.

This Privacy Policy explains how we collect, use, disclose, and process your personal data when you use our website, Claude.ai, or other Anthropic products and services (the “Services”). This Privacy Policy does not apply to content that we process on behalf of customers of our business offerings, such as our Enterprise accounts. Our use of that data is governed by our customer agreements covering access to and use of those offerings.

Please see our Non-User Privacy Policy for information on how our large language models are ‘trained’ and how personal data obtained from third party sources, including where others may submit personal data when using our services, may be used when developing or delivering our products and services.

This Privacy Policy also describes your privacy rights. More information about your rights, and how to exercise them, is set out in Section 4 (“Rights and Choices”).

If you are located in Canada, Brazil, or the Republic of Korea, please read the relevant Regional Supplemental Disclosure which applies to you.

If you are located in Washington or a state with similar consumer health data laws, please read our Consumer Health Data Privacy Policy which applies to you if you integrate third party health applications with Claude.

1. Collection of Personal Data

We collect the following categories of personal data:

Personal data you provide to us directly

- Identity and Contact Data: Anthropic collects identifiers, including your name, email address, and phone number when you sign up for an Anthropic account, or to receive information on our Services. We may also collect or generate indirect identifiers (e.g., “USER12345”).
- Payment Information: We shall collect your payment information if you choose to purchase access to Anthropic’s Services.
- Inputs and Outputs: You are able to interact with our Services in a variety of formats, including but not limited to chat, coding, agentic sessions (where Claude performs multi-step tasks or takes actions on your behalf), and connected services. The content you submit to the Services through these interactions, including via third-party applications, services, and content you choose to upload, integrate or interact with using our Services, are your “Inputs”. Inputs generate responses and actions (“Outputs”). If you include personal data or reference external content in your Inputs, we will collect that information and it may be reproduced in your Outputs. Depending on the permissions you grant Claude, some Outputs may result in actions with effects outside the Services, such as sending communications, modifying files, or interacting with third-party services on your behalf.
- Feedback on your use of our Services: We appreciate feedback, including ideas and suggestions for improvement or rating an Output in response to an Input ("Feedback"). If you rate an Output in response to an Input—for example, by using the thumbs up/thumbs down icon—we may store the

entire related conversation as part of your Feedback. You can learn more about how we use Feedback here.

- Study Participation Data: If you participate in Anthropic research studies, surveys, or interviews (for example our Anthropic Interviewer), we collect the responses you provide, associated account data, and related Technical Information. We may combine this data with other data from your account for aggregated analysis.
- Communication Information: If you communicate with us, including via our chatbot on our Help site, we collect your name, contact information, and the contents of any messages you send.
- Verification Data: In certain circumstances, we may ask you to verify your age or identity. If you choose to do so, data we will collect includes, depending on the method: an image of your government-issued identity document and the information appearing on it (such as your ID number and date of birth); your image in photo or video form, facial geometry templates (which may be considered 'biometric data' in some jurisdictions); and the result of the verification (for example, whether your age meets the applicable threshold).

When you provide Inputs—including by uploading files, granting Claude access to third-party services, or instructing Claude to retrieve or act on information—you are responsible for ensuring you have the necessary rights, permissions, or authority to do so.

Personal data we receive automatically from your use of the Services

When you use the Services, we also receive certain technical data automatically (described below, collectively "Technical Information"). This includes:

- Device and Connection Information: Consistent with your device or browser permissions, your device or browser automatically sends us information about when and how you install, access, or use our Services. This includes information such as your device type, operating system information, browser information and web page referers, mobile network, connection information, mobile operator or internet service provider (ISP), time zone setting, IP address (including information about the location of the device derived from your IP address), identifiers (including device or advertising identifiers, probabilistic identifiers, and other unique personal or online identifiers), and device location.
- Usage Information: We collect information about your use of the Services, such as the dates and times of access, browsing history, search, information about the links you click and about third-party applications, services, and content you integrate or interact with, pages you view, and other information about how you use the Services, and technology on the devices you use to access the Services.
- Log and Troubleshooting Information: We collect information about how our Services are performing when you use them. This information includes log files. If you or your device experiences an error, we may collect information about the error, the time the error occurred, the feature being used, the state of the application when the error occurred, and any communications or content provided at the time the error occurred.
- Cookies & Similar Technologies: We and our service providers use cookies, scripts, or similar technologies ("Cookies") to manage the Services and to collect information about you and your use of the Services. These technologies help us to recognize you, customize or personalize your experience, market additional products or services to you, and analyze the use of our Services to make them safer and more useful to you. For more details about how we use these technologies, and your opt-out controls and other options, please visit our Cookie Policy.

Personal data we collect or receive to train our models

Anthropic obtains personal data from third party sources in order to train our models. Specifically, we train our models using data from the following sources:

- Publicly available information via the Internet
- Datasets that we obtain through commercial agreements with third party businesses
- Data that our users or crowd workers provide, including Inputs and Outputs from our Services (unless users opt out)
- Feedback that users explicitly provide about our Services
- Materials flagged for safety, security, or policy review
- Data that we generate internally

For more information about how we collect and use personal data to develop our language models that power our Services, the steps we take to minimize the privacy impact on individuals through the training process, and your choices with respect to that information, please see our separate Non-User Privacy Policy.

2. Uses of Personal Data Permitted Under Applicable Data Protection Laws

We use your personal data for the following purposes:

- To provide, maintain and facilitate any products and services offered to you with respect to your Anthropic account, which are governed by our Terms of Service;
- To provide, maintain and facilitate optional services and features that enhance platform functionality and user experience;
- To provide you with service updates, communications, and to provide tailored recommendations about our Services that may be of interest to you;
- To create and administer your Anthropic account;
- To facilitate payments for products and services provided by Anthropic;
- To prevent and investigate fraud, abuse, and violations of our Usage Policy, unlawful or criminal activity, unauthorized access to or use of personal data or Anthropic systems and networks, to protect our rights and the rights of others, to protect your safety or that of any other person, and to meet legal, governmental and institutional policy obligations;
- To investigate and resolve disputes;
- To investigate and resolve security issues;
- To debug and to identify and repair errors that impair existing functionality;
- To improve the Services and conduct research, including training our models and conducting broader research on AI-related topics such as the societal impacts of AI; and
- To enforce our Terms of Service and similar terms and agreements, including our Usage Policy.

We may use your Inputs and Outputs to train and improve Anthropic AI models, unless you opt out through your account settings. Even if you opt-out, we will use Inputs and Outputs for model improvement when: (i) your conversations are flagged for safety review to improve our ability to detect harmful content, enforce our policies, or advance AI safety research, or (ii) you've explicitly reported the materials to us (for example via our feedback mechanisms).

Please see Section 10 below for details of our legal bases for processing your personal data.

3. Recipients and Third-Party Data Sources

Anthropic will disclose personal data to, or receive personal data from, the following categories of third parties for the purposes explained in this Policy:

- Affiliates & corporate partners: Anthropic discloses the categories of personal data described above between and among its affiliates and related entities.
- Service providers & business partners: Anthropic may receive and disclose the categories of personal data described above with service providers and business partners for a variety of business purposes, including website and data hosting, ensuring compliance with industry standards, research, auditing, data processing, investigating and resolving safety and security issues, preventing and investigating fraud, abuse, and violations of our Usage Policy, and providing you with the Services.
- Your Organization and Administrator: If you use an email address owned by your employer or another organization, your account may be linked to the organization’s enterprise account with us, as described in our Consumer Terms of Service.

Anthropic may also receive or disclose personal data in the following circumstances:

- As part of a significant corporate event: If Anthropic is involved in a merger, corporate transaction, bankruptcy, or other situation involving the transfer of business assets, Anthropic will receive or disclose your personal data as part of these corporate transactions.
- Third-Party Websites, Integrations, and Services: Our Services allow you to connect to and interact with third-party applications, services, and content (“Third-Party Services”) via the Services and through integrations you enable, such as Connectors, plugins, webhooks, and external APIs. When you connect to or interact with Third-Party Services: Claude may send your Inputs, Outputs, and instructions to Third-Party Services to perform actions on your behalf (such as reading files, sending messages, or retrieving information). The Third-Party Service receives this data directly and processes it according to its own privacy policy. Claude may retrieve content and data from Third-Party Services you interact with. This data becomes part of your Inputs. Some integrations or features may allow Claude to access Third-Party Services on an ongoing basis until you disable the feature or disconnect the integration in your settings.
- Claude may send your Inputs, Outputs, and instructions to Third-Party Services to perform actions on your behalf (such as reading files, sending messages, or retrieving information). The Third-Party Service receives this data directly and processes it according to its own privacy policy.
- Claude may retrieve content and data from Third-Party Services you interact with. This data becomes part of your Inputs.
- Some integrations or features may allow Claude to access Third-Party Services on an ongoing basis until you disable the feature or disconnect the integration in your settings.
- Anthropic does not control, and is not responsible for, the data practices of Third-Party Services. Before enabling an integration, granting Claude access to, or instructing Claude to take actions on a Third-Party Service, you should ensure you have the authority to grant such access and that doing so complies with any applicable terms, policies, or confidentiality obligations. Before enabling an integration, you should review the third party's privacy policy. Our Services may also link to third-party websites (such as social media); by following these links, you provide information directly to those third parties. Our linking to, or supporting an integration with, a Third-Party Service does not mean we endorse it or speak for that third party.
- Pursuant to regulatory or legal requirements, safety, rights of others, and to enforce our rights or our terms. We may share personal data with government authorities, law enforcement, or other third parties where, based on the information available to us, we have a good-faith belief that

disclosure is reasonably necessary to (i) comply with applicable law, regulation or legal process, including for legal, tax or accounting purposes, or in response to an enforceable governmental request; (ii) prevent serious harm to any person or to property; (iii) detect, prevent, or otherwise address fraud or other illegal activity; or (iv) enforce our terms, or protect the rights, property, security, or safety of Anthropic, our users, or others.

- Research publications: We may publish aggregated, de-identified, or anonymized findings from our research, including research into how our Services are used and AI safety research.
- With an individual's consent: Anthropic will otherwise disclose personal data when an individual gives us permission or directs us to disclose this information, including as a part of our Services.

You can find information about the third parties Anthropic engages to help us process personal data here.

4. Rights and Choices

Depending on where you live and the laws that apply in your country of residence, you may enjoy certain rights regarding your personal data, as described further below. However, please be aware that these rights are limited, and that the processes by which we may need to action your requests regarding our training dataset are complex. We may also decline a request if we have a lawful reason for doing so. That said, we strive to prioritize the protection of personal data, and comply with all applicable privacy laws.

To exercise your rights, you or an authorized agent may submit a request by contacting us. After we receive your request, we may verify it by requesting information sufficient to confirm your identity (e.g. email address, billing details). Where a third party representative submits a request on behalf of a data subject, we require evidence of authorization to act on behalf of the data subject.

We will respond to your request within the period required by the data protection law that applies to you. For example, where the EU GDPR or UK GDPR applies, we will respond within one calendar month of receiving a verifiable request, and where your request is complex or you have made a number of requests within a short timeframe, we may extend that period by up to a further two months. Where another law applies to you and sets a different period, we will respond within that period. You may also have the right to appeal requests that we deny by emailing privacy@anthropic.com. Anthropic will not discriminate based on the exercising of privacy rights you may have. Set out below is a summary of the rights which you may enjoy, depending on the laws that apply in your country of residence.

- Right to know: the right to know what personal data Anthropic processes about you, including the categories of personal data, the categories of sources from which it is collected, the business or commercial purposes for collection, and the categories of third parties to whom we disclose it.
- Access & data portability: the right to request a copy of the personal data Anthropic processes about you, subject to certain exceptions and conditions. In certain cases and subject to applicable law, you have the right to port your information.
- Deletion: the right to request that we delete personal data collected from you when you use our Services, subject to certain exceptions. You also are able to delete individual conversations, which will be removed immediately from your conversation history and automatically deleted from our back-end within 30 days. Learn more here.
- Correction: the right to request that we correct inaccurate personal data Anthropic retains about you, subject to certain exceptions. Please note that we cannot guarantee the factual accuracy of Outputs. If Outputs contain factually inaccurate personal data relating to you, you can submit a correction request and we will make a reasonable effort to correct this information—but due to the technical complexity of our large language models, it may not always be possible for us to do so.

- Objection: the right to object to processing of your personal data, including profiling conducted on grounds of public or legitimate interest. In places where such a right applies, we will no longer process the personal data in case of such objection unless we demonstrate compelling legitimate grounds for the processing which override your interests, rights, and freedoms, or for the establishment, exercise or defense of legal claims. If we use your information for direct marketing, you can object and opt out of future direct marketing messages using the unsubscribe link in such communications.
- Restriction: the right to restrict our processing of your personal data in certain circumstances.
- Withdrawal of consent: Where Anthropic's processing of your personal data is based on consent, you have the right to withdraw your consent. For example, you can disconnect your health app integration and withdraw your consent in your settings. The withdrawal of consent will not affect the lawfulness of processing based on consent before its withdrawal.
- Automated decision-making: Anthropic does not engage in decision making based solely on automated processing or profiling in a manner which produces a legal effect (i.e., impacts your legal rights) or significantly affects you in a similar way (e.g., significantly affects your financial circumstances or ability to access essential goods or services).
- Sale & targeted Anthropic marketing of its products and services: Anthropic does not "sell" your personal data as that term is defined by applicable laws and regulations. You can opt-out of sharing your personal data for targeted advertising to promote our products and services, and we will honor global privacy controls. To learn more, click here.

Anthropic gives you access to a variety of tools to help you manage your data. You can access these in your Privacy Settings.

5. Data Transfers

Anthropic is a global company, and when you access our Services, your personal data is transferred to our servers in the US, or to other countries outside the European Economic Area ("EEA") and the UK for the purposes outlined in Section 2 of this Privacy Policy, for example to provide you with the Service, or to train our models, or to conduct research. This may be a direct provision of your personal data to us, or a transfer that we or a third party make. You can find more details about the affiliates and third parties we transfer data to, including their locations, in our Trust Center.

Where Anthropic transfers information outside the EEA or the UK, we ensure it benefits from an adequate level of data protection by relying on:

- Adequacy decisions: These are decisions from the European Commission under Article 45 GDPR (or equivalent decisions under other laws) where they recognize that a country outside of the EEA offers an adequate level of data protection. We transfer your information as described in "Collection of Personal Data" to some countries with adequacy decisions, such as the countries with EU adequacy decisions listed here and countries with UK adequacy decisions listed here; or
- Standard contractual clauses: The European Commission has approved contractual clauses under Article 46 GDPR that allows companies in the EEA to transfer data outside the EEA. These (and their approved equivalent for the UK and Switzerland) are called standard contractual clauses. We rely on standard contractual clauses to transfer information as described in "Collection of Personal Data" to certain affiliates and third parties in countries without an adequacy decision.

In certain situations, we rely on derogations provided for under applicable data protection law to transfer information to a third country. If you have questions about international transfers, or the safeguards we apply, you can contact us.

6. Data Retention, Data Lifecycle, and Security Controls

Anthropic retains your personal data for as long as reasonably necessary for the purposes and criteria outlined in this Privacy Policy and explained further in our privacy center.

When the personal data collected is no longer required by us, we and our service providers will perform the necessary procedures for destroying, deleting, erasing, or converting it into an anonymous form as permitted or required under applicable laws.

Aggregated or De-Identified Information

We apply aggregation and de-identification techniques where appropriate as part of our data minimization practices. For example, we may process personal data in an aggregated or de-identified form to analyze and improve the effectiveness of our Services including to conduct analytics, conduct research, study user behavior, and train our AI models as permitted under applicable laws. For instance:

- When you submit Feedback, we disassociate Inputs and Outputs from your user ID to use them for training and improving our models.
- If our systems flag Inputs or Outputs for harmful content or for potentially violating our policies, we disassociate the content from your user ID to train our trust and safety internal classification and generative models. However, we may re-identify the Inputs or Outputs to enforce our Terms of Service or Usage Policy with the responsible user if necessary.
- To improve user experience, we may analyze and aggregate general user behavior and usage data. This information does not identify individual users.

Where data is de-identified, Anthropic will maintain and use this information in its de-identified form, and will not attempt to re-identify such information, except as permitted by law.

Security Controls Relating to our Processing of Personal Data

We implement appropriate technical and organizational security measures designed to protect personal data from loss, misuse, and unauthorized access, disclosure, alteration, or destruction.

7. Children

Our Services are not directed towards, and we do not knowingly collect, use, disclose, sell, or share any information from children under the age of 18. We have measures in place to detect and remove children from our Services. If you become aware that a child under the age of 18 has provided any personal data to us while using our Services, please email us at privacy@anthropic.com and we will investigate the matter and, if appropriate, delete the personal data.

8. Changes to Our Privacy Policy

Anthropic may update this Privacy Policy from time to time. We will notify you of any material changes to this Privacy Policy, as appropriate, and update the Effective Date at the top of https://www.anthropic.com/legal/privacy. You can view a summary of privacy policy changes and previous versions in our Privacy Center.

9. Contact Information

If you live in the European Economic Area (EEA), UK or Switzerland (the “European Region”), the data controller responsible for your personal data is Anthropic Ireland, Limited. If you live outside the European Region, the data controller responsible for your personal data is Anthropic PBC.

If you have any questions about this Privacy Policy, or have any questions, complaints or requests regarding your personal data, you can contact us as described below:

- Anthropic PBC with a registered address at 548 Market St, PMB 90375, San Francisco, CA 94104 (United States).

- Anthropic Ireland, Limited with a registered address at 6th Floor, South Bank House, Barrow Street, Dublin 4, D04 TR29 (Ireland).

You can email us at privacy@anthropic.com and contact our Data Protection Officer at dpo@anthropic.com.

Please note that under many countries' laws, you have the right to lodge a complaint with the supervisory authority in the place in which you live or work. A full list of EU supervisory authorities' contact details is available here. If you live or work in the UK, you have the right to lodge a complaint with the UK Information Commissioner's Office. If you live in Brazil, you have the right to lodge a complaint with the Brazilian Data Protection Authority (ANPD). If you live in Australia, you have the right to lodge a complaint with the Office of the Australian Information Commissioner.

10. Legal Bases for Processing

- Identity and Contact Data
- Payment Information
- Feedback
- Inputs and Outputs
- Technical Information
- Contract
- Study Participation Data
- Consent (for example for precise device location or for health app integrations)
- Legitimate interests
- Communication Information
- Where necessary to perform a contract with you, such as processing your contact information to send you a technical announcement about the Services.
- Your consent when we ask for it to process your personal data for a specific purpose that we communicate to you, such as processing your contact information to send you certain forms of marketing communications.
- Legitimate Interests
- Verification Data
- Consent (for example where you choose to verify your identity using biometric data)
- Legal obligation
- Vital Interests
- Scientific Research
- Data provided through the Development Partner Program
- Consent

11. Regional Supplemental Disclosures

Supplemental Disclosures for Residents of Canada

These supplemental disclosures contain additional information relevant to residents of Canada. This content should be read in conjunction with the rest of our Privacy Policy. In case of conflict between our Privacy Policy and these supplemental disclosures, the supplemental disclosures shall prevail in relation to residents of Canada.

Consent. By expressly consenting to this Privacy Policy, you confirm you have read, understand, and consent to the collection, use, processing, and disclosure of your personal data in accordance with this Privacy Policy and understand that, in jurisdictions where it is available, Anthropic also relies on other lawful bases for the foregoing as more fully set out in this policy. We will only collect, use and disclose your personal data with your consent, unless otherwise permitted or required by law. Your consent may be given expressly or implied, depending on the circumstances and the sensitivity of the information involved. You may withdraw consent at any time, subject to legal or contractual restrictions and reasonable notice.

Cross-jurisdictional Transfers. By providing us with personal data, you acknowledge and agree that your personal data may be transferred or disclosed to other jurisdictions for processing and storage outside of Canada, including to the United States and the countries listed on our Subprocessor List, where laws regarding the protection of personal data may be less stringent than the laws in your jurisdiction. Furthermore, we may disclose your personal data in these jurisdictions in response to legal processes or where we believe in good faith that disclosure is required or permitted by law.

Contact. If you have any questions or comments about our processing of your personal data, or to exercise your rights as outlined in Section 4 (“Rights and Choices”), please contact us at privacy@anthropic.com.

Supplemental Disclosures for Residents of Brazil

These supplemental disclosures contain additional information relevant to residents of Brazil. This content should be read in conjunction with the rest of our Privacy Policy. In case of conflict between our Privacy Policy and these supplemental disclosures, the supplemental disclosures shall prevail in relation to residents of Brazil.

Legal Bases. Depending on the specific purpose of the processing, we may rely on different grounds than those listed under section 2, where permitted by and in accordance with the Brazilian General Data Protection Law (LGPD). For example, we may rely on the "exercise of legal rights" basis to process personal data associated with customer complaints and to enforce our Terms of Service and similar terms and agreements, including our Usage Policy.

Data Subject's Rights. LGPD grants certain rights regarding your personal data, which differ from the ones listed under section 4. We will respond to your requests to exercise your rights below in accordance with applicable law:

- Confirmation of whether your data is being processed. You have the right to receive a confirmation on whether Anthropic processes your data.
- Access to your data. You have the right to know what personal data Anthropic processes about you.
- Correction of incomplete, inaccurate or outdated data. You have the right to request the correction of your data that is incomplete, inaccurate, or outdated.
- Anonymization, blocking or erasure of data. You have the right to request the anonymization, blocking or erasure of data that is unnecessary, excessive or processed in non-compliance with the provisions of the law.
- Portability of personal data to a third party. You have the right to request portability of your data to a third-party, as long as this does not infringe on our trade secrets.
- Information of public and private entities with which we shared data. You have the right to request information of public and private entities with which we have shared your data.
- Information about the possibility to refuse to provide consent and the respective consequences, when applicable.

- Withdrawal of your consent. You have the right to withdraw your consent. This procedure will be carried out free of charge.
- Request a review of decisions made solely based on automated processing of personal data.

Please keep in mind that these rights are not absolute and may not apply in certain circumstances. For example, in certain cases we may continue to process and retain data regardless of your request for deletion, objection, blocking or anonymisation, in order to comply with legal, contractual and regulatory obligations, safeguard and exercise rights, including in judicial, administrative and arbitration proceedings and in other cases provided for by law.

International Data Transfers. You acknowledge that Anthropic is a company based and headquartered in the United States. Any information we hold about you will be transferred to, used, processed, and stored in the United States and other countries and territories, which may not have data privacy or data protection laws equivalent to those in your country or territory. For the proper operation of the Services, Anthropic needs to carry out international transfers of personal data. In the case of Brazil, we will rely on standard contractual clauses (SCCs) for our data transfers where required and in instances where they are not covered by an adequacy decision. These SCCs have been approved by the Brazilian Data Protection Authority (ANPD), which is the "competent supervisory authority" for these transfers, as governed by Brazilian Data Protection Laws. You can view the SCCs adopted by the ANPD here.

Supplemental Disclosures for Residents of the Republic of Korea

This section applies to the extent that Anthropic is subject to the Personal Information Protection Act (“PIPA”), and supplements the information in the Privacy Policy. This is an addendum to the Privacy Policy and should be read in conjunction with the Privacy Policy. In case of any inconsistency between the Privacy Policy and this Addendum, this Addendum prevails for users in the Republic of Korea. This Addendum may be amended or updated from time to time.

Items of Personal Data Collected and Purpose of Use

In addition to “1. Collection of Personal Data”, we collect and use your information as follows:

- Purpose: Identity verification, Fraud and abuse monitoring
- Items of Data: Name, birthdate, sex, native-foreigner-code, and DI (duplication information)
- Period of retention and use: Until account deletion

Delegation of Processing of Personal Data

Anthropic delegates the processing of personal data as described here and below, and the delegatees may process personal data according to the purpose of the delegation.

- Korea Credit Bureau: Fraud and abuse detection and identity verification
- Kim & Chang: Assisting with the domestic representative related duties

Overseas Transfer of Personal Data

Anthropic delegates the processing of personal data to affiliates and third parties, all of whom are located overseas. In addition, Anthropic transfers personal data overseas as follows:

- Recipient’s Name (Contact Information): Persona (privacy@withpersona.com)
- Country to which Personal Data to be Transferred: United States
- Items of Personal Data to be Transferred: Name, birthdate, sex, native-foreigner-code, and DI (duplication information)
- Recipient’s Purpose of Use: Fraud and abuse detection and identity verification
- Period of Retention and Use by Recipient: 3 years

- Legal Basis for Overseas Transfer: PIPA Article 28-8(1)(iii) delegation

Following collection, personal data is transferred to the overseas recipients listed below from time to time, as necessary, via a dedicated network. You may have the right to request that your personal data not be transferred overseas as described above. If so, you may request this by email us at privacy@anthropic.com and contact our Data Protection Officer at dpo@anthropic.com. However, in doing so, Anthropic may not be able to provide you with all or any of the services we make available through our website.

Domestic Representative in the Republic of Korea

The domestic representative of Anthropic PBC for data protection and related regulatory purposes under Article 31-2 of the Personal Information Protection Act and Article 32-5 of the Act on Promotion of Information and Communications Network Utilization and Data Protection, Etc. in the Republic of Korea is as follows:
